

## *Week-end in BATUMI*

Batumi – an administrative center of Adjara is situated by the Black Sea and is the land and marine gateway to Georgia with its largest sea port. It is characterized with mild subtropical climate.

The main sights of modern Batumi are the oldest historic-architectural monuments, places of rest and culture and great variety of subtropical plants. A favorite rest and entertainment place is the famous Seaside Park (Boulevard) that is stretched along the beaches, occupying 5 km of area with its infrastructure. On the north of the city of Batumi, along the Black Sea, is situated the Batumi Botanical Gardens – unique among the gardens of the world.

Batumi is the city that has to be on your list of “must to see places”.
